Bone Graft Post Operative Instructions

Do Not:

- ❖ Rinse for 24 hours
- ❖ Spit for 2-5 Days
- ❖ Smoke or drink from a straw for 5-7 days
- ❖ Apply pressure with your tongue or fingers. The bone graft can move during the initial healing period.
- ❖ Lift or pull on your lips to look at the sutures.

You may expect to find small granules in your mouth for the first several days

Notify the office is any of the following occur:

- ❖ Suture falls out within 3 days
- ❖ Large amount of bone graft particles are lost from the surgical site
- ❖ Medication **does not** relieve your discomfort

IMPORTANT

Please notify the office if you have any questions, we are concerned with your recover. Most often a single explanation can resolve the situation and free you of any worry. Any questions please contact the **emergency number at 810-333-2576**, and leave a message and someone will get back with you shortly.
